

PNVN1551: Family Health Nursing & Transitions to Practice

Credit Hours: 5

Clock Hours: 106/0/0

This course focuses on psychosocial and physiological integrity of the maternal and pediatric client using the nursing process. Emphasis is placed on the multidisciplinary care of clients with alterations in selected women's and family health situations. Theories of leadership and supervision, emergency preparedness, professional development, and transition to practice are synthesized. Students will also participate in a comprehensive NCLEX-PN® review. This course will prepare students for clinical learning experiences through the application of theoretical concepts and the implementation of safe nursing practices to clients in various healthcare settings.
