

PNVN1521: Introduction to Medical-Surgical Nursing

Credit Hours: 5.5

Clock Hours: 124/0/0

This course focuses on nutrition, psychosocial and physiological integrity while providing client centered care of adults. Using the nursing process, students will study the multidisciplinary care for clients with medical surgical conditions. Consideration of clients with integumentary system alterations will also be discussed. Discussion will include human growth and development, health promotion and health education across the lifespan. This course will prepare students for clinical learning experiences through the application of theoretical concepts and the implementation of safe nursing practices to clients in various healthcare settings.
