

Cardiovascular Sonography

Associate in Science Degree Program

Contact Hours: 2,100

Semester Credits: 85.5

Instructional Weeks – Full Time: 80

Average Time to Complete – Full Time: 20 Months

Program Overview

Cardiovascular sonographers use special imaging equipment that directs sound waves into a patient's body (in a procedure commonly known as an ultrasound, sonogram, or echocardiogram) to assess and diagnose various medical conditions.

The Cardiovascular Sonography curriculum integrates didactic and clinical instruction with increasing expectations at each level. Clinical sites utilized by the program are geographically dispersed. Students may have to travel outside of the local area for clinical placements.

Program Delivery

The Cardiovascular Sonography program is delivered in a blended format. Courses will be delivered entirely online, entirely on-ground or with an appropriate blend of both online and on-ground hours in the same course. Of the 2,100 program hours, a maximum of 700 course hours (33.3%) may be offered online (including general education courses). Campuses may have the option to deliver general education courses either online or on-ground depending on local need and availability specific time, regardless of their eligibility status upon enrollment.

Program Objectives

To prepare competent entry-level sonographers in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains for the following concentration(s) it offers:

- Adult cardiac sonography

Graduates of this program will develop skills to:

1. Be clinically competent to perform appropriate procedures and record anatomic, pathologic, and/or physiologic data;
2. Apply critical thinking and problem solving skills to exercise discretion and judgment in performance of diagnostic sonography;
3. Demonstrate appropriate communication skills; and
4. Demonstrate professionalism and growth in the profession.

Orlando Option

The Orlando option of the Cardiovascular Sonography (CVS) program is a 20-month program delivered in a blended format through the Concorde Career Institute, Jacksonville, FL campus. Each student is enrolled in the Jacksonville CVS program and all his/her student records will be associated with the Jacksonville campus. The following details apply to the coursework a student in the Orlando option will complete as part of the program:

- All general education and theory courses are delivered in an online format.
- Lab hours are completed at the Concorde Career Institute, Orlando campus.
- Clinical hours are completed on ground at a medical facility (clinical site) within a 200-mile radius from the Jacksonville, FL campus, which includes the greater Orlando area. Clinical experiences will be secured and supervised by the Orlando campus.

Course #	Course Title	Theory Hours (Ground/Online)	Lab Hours (Ground/Online)	Clinical Hours (Ground/Online)	Semester Credit Hours
----------	--------------	---------------------------------	------------------------------	-----------------------------------	--------------------------

BIOL1405	Anatomy & Physiology	60 (0 / 60)	0	0	4
COMM1310	Elements of Human Communication	45 (0 / 45)	0	0	3
CVSG1210	Scanning Lab I	0	80 (65 / 15)	0	2.5
